Dear Ms. Kent:

The Office of Defects Investigation (ODI) of the National Highway Traffic Safety Administration (NHTSA) has received information about certain death and injury incidents reported by General Motors Corp. (GM) in its light early warning report from 4th quarter of 2008. We are writing to request additional information about the following incidents:

Selected Death and Injury Incidents	
For Reporting Category: L	
For the following Sequence IDs: 2, 6, 8, 29, 34, 51, 58, 74, 88, 91, 92, 99, 105, 115, 116, 122, 135, 148, 186, 192, 197, 198, 292, 299, 308, 316, 324, 333, 334, 350, 352, 353, 372	

Unless otherwise stated in the text, the following definitions apply to these information requests:

Incident: each incident identified in the above table.

Claim and Notice: shall have the meanings stated in 49 CFR §579.4(c). Claim and notice also specifically refer to the claim(s) and notice(s) that are the predicate for the early warning report on the incident.

Manufacturer: refers to GM.

Vehicle: the vehicle produced by GM that is identified in the claim or notice.

Tire: the tire produced by GM that is identified in the claim or notice.

Equipment: the item of motor vehicle equipment produced by GM that is identified in the claim or notice.

Defect: means any failure, malfunction, lack of durability, or other problem in performance, construction, a component, or material of a motor vehicle or piece of motor vehicle equipment.

Document: "Document(s)" is used in the broadest sense of the word and shall mean all written, typed, graphic and photographic matter whatsoever (except autopsy photographs), be it in original, copy or electronic form. Any photograph originally produced in color must be provided in color and in electronic form, if possible. Furnish all documents whether verified by GM or not. If a document is not in the English language, provide both the original document and an English translation of the document. Document(s) includes all documents in GM's custody and/or control.

Please provide numbered responses to the following inquiries, repeating the applicable request verbatim before each response. After GM's response to each request, identify the source of the information and indicate the last date the information was gathered. When documents are produced, the documents shall be produced in an identified, organized manner that corresponds to each pertinent information request. A separate response must be provided for each incident. Each response, document or attachment must be clearly identified with the incident Sequence ID (SeqID) number.

1. Provide a complete copy of the initial claim or notice document(s) that notified GM of the incident, excluding: (a) medical documents and bills, except those showing the cause of death or injury; (b) property damage invoices or estimates; and (c) documents related to damages.
2. Provide a copy of the Police Accident Report.
3. At your option, provide GM's assessment of the circumstances that led to the incident including GM's analysis of the claim and/or notice regarding allegations of a defect.

If GM claims that any of the information or documents provided in response to this information request constitute confidential commercial material within the meaning of 5 U.S.C. § 552(b) (4), or are protected from disclosure pursuant to 18 U.S.C. § 1905, GM must submit supporting information together with the materials that are the subject of the confidentiality request, in accordance with 49 CFR Part 512, as amended (69 Fed. Reg. 21409 et seq; April 21, 2004), to the Office of Chief Counsel (NCC-110), National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590. GM is required to submit two copies of the documents containing allegedly confidential information (except only one copy of blueprints) and one copy of the documents from which information claimed to be confidential has been deleted. Please remember that the words "CONFIDENTIAL BUSINESS INFORMATION" must appear at the top of each page containing information claimed to be confidential, and the information must be clearly identified in accordance with 5 U.S.C. § 512.6. If you submit a request for confidentiality

for all or part of your response to this letter, that is in an electronic format (e.g., CD-ROM), your request and associated submission must conform to the new requirements in NHTSA's Confidential Business Information Rule regarding submissions in electronic formats (49CRF 512.(c)). See Federal Register, volume 72, page 59434 (October 19, 2007).

Your response to this letter, together with a copy of any confidentiality request, must be submitted to this office by **June 12, 2009**. Please include in your response the identification codes referenced on page one of this letter. If you are unable to provide all of the information requested within the time allotted, you must request an extension from me at (202) 366-4238, no later than five business days before the response due date. If all of the information requested by the original deadline is unavailable, you must submit a partial response by the original deadline with whatever information then is available, even if an extension is granted.

If you have any technical questions concerning this matter, please contact Mr. Leo Yon at (202) 366-7028 or by fax at (202) 366-7882.

Sincerely,

Dear Ms. Morgan:

This is General Motors' (GM) response to your inquiry dated May 8, 2009 regarding certain death and injury incidents reported by GM in its light vehicle early warning report from 4th quarter of 2008.

GM's response is comprised of 40 disks for the incidents that are the subject of DI09-033.

Attachment "A" includes instructions for navigating the disk. Each disk, on its face, is identified by the NHTSA Sequence ID number, the Manufacturer's Unique ID number and the year, make and model of the vehicle involved in the incident, e.g., 2 265593560 - 665008 and 2007 BUICK LACROSSE. When the disk is launched, this identification number appears again along with all of the documents on the disk (including photographs and videos, if applicable) listed under "Filename." The first document listed under Filename is an index with the Request and Responses, e.g., identified as 2 265593560 - 665008_00_Request and Responses. The index is numbered 1 through 3 to correspond to Inquiries 1 through 3, which are repeated verbatim below. The index also details whether any documents responsive to each inquiry were located.

For example, the Inquiry and Response in the index for the disk are as follows:

DI09-033
2 265593560-665008
2007 BUICK LACROSSE

Request for Information:

1. Provide a complete copy of the initial claim or notice document(s) that notified GM of the incident, excluding: (a) medical documents and bills, except those showing the cause of death or injury; (b) property damage invoices or estimates; and (c) documents related to damages.

Response: See attached document.

2. Provide a copy of the Police Accident Report.

Response: See attached documents and photographs.

The remaining document listed under Filename, reference the Manufacturer's Unique ID number along with the responsive Inquiry number. For example:

- 2 265593560 - 665008_01_001 - is the first document responsive to Inquiry no. 1.
2 265593560 - 665008_02_001 - is the first document responsive to Inquiry no. 2.

Your inquiries and our corresponding replies are as follows:

DI09-033 Response.doc

1. Provide a complete copy of the initial claim or notice document(s) that notified GM of the incident, excluding: (a) medical documents and bills, except those showing the cause of death or injury; (b) property damage invoices or estimates; and (c) documents related to damages.

Response: See attached document.

The table below lists the incidents that are the subject of DI09-033, by Reporting Category, Sequence ID, VIN and type of notice received by GM (as "notice" is commonly used, not as it is defined by 49 C.F.R. §579.4(c)). Incidents reported on GM's Early Warning Report Death and Injury worksheet fall into four categories: Lawsuit (LIT), NISM (Not In Suit Matters), Product Allegation Resolution (PAR), or Rumor (RMR). Lawsuit and NISM case types generally meet the §579.4(c) definition of "claim." PAR cases, in this context, refer to customer contacts in which an injury or fatality is alleged to have occurred as a result of a product defect, and are accompanied by a writing that may or may not meet the §579.4(c) definition of "claim" or "notice." Rumor incidents do *not* involve a written or verbal, implied or express allegation of a defect by a customer. Rather, rumor cases generally refer to incidents that GM learned of through the media, which were subsequently investigated further. As such, the document included in response to Inquiry 1 that can be found on the enclosed disk for the PAR and Rumor case listed in the table, may not be a claim or notice of the type generally defined as such by §579.4(c).

2. **Provide a copy of the Police Accident Report.**

Response: If available, see attached document(s) and photograph(s) on the enclosed disk(s).

3. **At your option, provide GM's assessment of the circumstances that led to the incident including GM's analysis of the claim and/or notice regarding allegations of a defect.**

Response: GM opts not to respond.

GM claims that certain information, in documents that are part of rumor, claim and lawsuit files maintained by the GM Legal Staff and its outside counsel, is attorney work product and/or privileged. That information includes notes, memos, reports, photographs, and evaluations by attorneys (and by consultants, claims analysts, investigators, and engineers working at the request of attorneys). GM is producing responsive documents from its rumor, claim and lawsuit files that are neither attorney work product nor privileged and withholding those that are attorney work product and/or privileged.

This response was compiled and prepared by this office upon review of documents retrieved by GM and does not include documents generated or received subsequent to the searches.

Please contact me at if you require further information.

Sincerely,

Gay P. Kent

Instructions for using Disk Viewer

1. Insert the disk into the disk ROM drive; the disk will open automatically.
2. Click the "Run JPepper" button on the pop up window.

3. The program will launch in the browsing mode, which is shown in the image below.
4. You can use the down arrow key on your keyboard to browse through the images.

- Each image file may contain multiple pages. In the browsing mode use **Next Page Icon (Ctrl +PgDn)**, **Select Page Icon** or **Previous Page Icon (Ctrl +PgUp)** to browse through all of the pages within an image file. (Note: Some image files may contain up to 80 pages)
- By double-clicking on an image from the file list, a slide show will initiate, however, it will not automatically advance through the pages. Use **Ctrl +PgDn** or **Ctrl +PgUp** to browse through all of the pages within an image file. Left-clicking on an image, while in the slide show mode, will advance to the first page of the next image file.
- Right click on the image to see the image properties, as shown below. Image properties can also be used to view each page within the documents (Next page), or to view the next document within the file list (Next Image).
- If the image is difficult to view, the scale may be changed. Use **F5**, **F6**, **F7**, and **F8** to alternate between scales that fit the screen, or are 50%, 100%, and 200% of the image's original size.

The image shows a legal case cover sheet for 'CARDONA V. CHEVROLET'. The form includes sections for case information, case type, and a checklist of legal issues. Annotations on the right side of the form point to specific features:

- Step 7 Next File (Image)**: Points to the 'Next Image' button in the right-hand menu.
- Step 7 Next page**: Points to the 'Next page' button in the right-hand menu.
- Step 8 Scale Image**: Points to the 'Scale to fit' button in the right-hand menu.
- Step 7 Image Properties**: Points to the 'Image Properties' button at the bottom of the right-hand menu.

Cust sts:

- my doctor still prescribed me to go to our local hospital for further tests, even my insurance adjustor is trying to get me a rental veh so that i can go to the hospital
- my insurance adjustor told me that the collision was very hard that the airbags should have deployed so he told me to call you guys to have it documented
- damage to the veh is worth \$7,000
- i'm just very lucky, they said, that i'm still alive after this but i'm concerned bec i bought the veh for my daughter and i fear for her safety after this

Cust Sks: Initiate PAR

CRS adv:

- apologized for inconvenience
- documented everything
- information will be forwarded to the Product Allegation Department within the BRC

Cust Sks:

- while i was driving home, it was very foggy then suddenly there was a deer in front of the veh so i slammed on the brakes and i begin to go into a slide and there was another deer and then it

was like the veh went sideways then off the road and went into the woods

-the next thing i knew, i felt the veh sliding off the road and slamming really hard into the trees

-i was dumbfounded after that but when i regained full consciousness, since no one would help me in a secluded area, i had to back my veh and drive home

-some ind lights came on during my drive home but i just wanted to go home

-this happened down at Lindale Nickelsville County Rd in Clermont County

-the whole front of the veh is wrecked, like the lights were falling off but i was able to drive it home although there are ind lights coming on due to the crash

-called my insurance agency and someone came yesterday to appraise the veh and determined the veh is undriveable at this time

-called the police but they wanted me to drive the veh to the station w/c i can't do so my insurance agency will take care of that

-accdg to my doctor, i have severe whiplash and internal bruising of shoulder and chest, wrists are sore, my arms and shoulders are sore, forehead went down, neck pain (very stiff) and have had a headache ever since the accident
