DI09-096

Dear Ms. Kent:

The Office of Defects Investigation (ODI) of the National Highway Traffic Safety Administration (NHTSA) has received information about certain death and injury incidents reported by General Motors Corp. (GM) in its light early warning report from 2nd quarter of 2009. We are writing to request additional information about the following incidents:

Selected Death and Injury Incidents	
For Reporting Category: L	
For the following Sequence IDs: 3, 7, 15, 39, 63, 78, 81, 82, 85, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 98, 100, 101, 103, 105, 106, 107, 108, 109, 110, 131, 137, 145, 146, 148, 149, 158, 167, 168, 178, 209, 216, 219, 231, 243, 253, 254, 255, 256, 257, 258, 259, 261, 263, 264, 266, 270, 271, 276, 281, 282, 288, 289, 290, 291, 292, 293, 297, 299, 300, 311, 312, 327, 338, 339, 341, 343, 344, 345, 346, 348, 349, 351, 352, 354, 370, 382, 390, 391	

Unless otherwise stated in the text, the following definitions apply to these information requests:

Incident: each incident identified in the above table.

Claim and Notice: shall have the meanings stated in 49 CFR §579.4(c). Claim and notice also specifically refer to the claim(s) and notice(s) that are the predicate for the early warning report on the incident.

Manufacturer: refers to GM.

Vehicle: the vehicle produced by GM that is identified in the claim or notice.

Tire: the tire produced by GM that is identified in the claim or notice.

Equipment: the item of motor vehicle equipment produced by GM that is identified in the claim or notice.

Defect: means any failure, malfunction, lack of durability, or other problem in performance, construction, a component, or material of a motor vehicle or piece of motor vehicle equipment.

Document: "Document(s)" is used in the broadest sense of the word and shall mean all written, typed, graphic and photographic matter whatsoever (except autopsy photographs), be it in original, copy or electronic form. Any photograph originally produced in color must be provided in color and in electronic form, if possible. Furnish all documents whether verified by GM or not. If a document is not in the English language, provide both the original document and an English translation of the document. Document(s) includes all documents in GM's custody and/or control.

Please provide numbered responses to the following inquiries, repeating the applicable request verbatim before each response. After GM's response to each request, identify the source of the information and indicate the last date the information was gathered. When documents are produced, the documents shall be produced in an identified, organized manner that corresponds to each pertinent information request. A separate response must be provided for each incident. Each response, document or attachment must be clearly identified with the incident Sequence ID (SeqID) number.

1. Provide a complete copy of the initial claim or notice document(s) that notified GM of the incident, excluding: (a) medical documents and bills, except those showing the cause of death or injury; (b) property damage invoices or estimates; and (c) documents related to damages.
2. Provide a copy of the Police Accident Report.
3. At your option, provide GM's assessment of the circumstances that led to the incident including GM's analysis of the claim and/or notice regarding allegations of a defect.

If GM claims that any of the information or documents provided in response to this information request constitute confidential commercial material within the meaning of 5 U.S.C. § 552(b) (4), or are protected from disclosure pursuant to 18 U.S.C. § 1905, GM must submit supporting information together with the materials that are the subject of the confidentiality request, in accordance with 49 CFR Part 512, as amended (69 Fed. Reg. 21409 et seq; April 21, 2004), to the Office of Chief Counsel (NCC-110), National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590. GM is required to submit two copies of the documents containing allegedly confidential information (except only one copy of blueprints) and one copy of the documents from which information claimed to be confidential has been deleted. Please remember that the words "CONFIDENTIAL BUSINESS INFORMATION" must appear at the top of each page containing information claimed to be confidential, and the information must be clearly identified in accordance with 5 U.S.C. § 512.6. If you submit a request for confidentiality for all or part of your response to this letter, that is in an electronic format (e.g., CD-ROM), your request and associated submission must conform to the new

requirements in NHTSA's Confidential Business Information Rule regarding submissions in electronic formats (49CFR 512.(c)). See Federal Register, volume 72, page 59434 (October 19, 2007).

12660

Your response to this letter, together with a copy of any confidentiality request, must be submitted to this office by **January 22, 2010**. Please include in your response the identification codes referenced on page one of this letter. If you are unable to provide all of the information requested within the time allotted, you must request an extension from me at (202) 366-4238, no later than five business days before the response due date. If all of the information requested by the original deadline is unavailable, you must submit a partial response by the original deadline with whatever information then is available, even if an extension is granted.

If you have any technical questions concerning this matter, please contact Mr. Leo Yon at (202) 366-7028 or by fax at (202) 366-7882.

Sincerely,

Christina Morgan, Chief
Early Warning Division

DI09-096

Dear Ms. Morgan:

This is General Motors' (GM) response to your inquiry dated December 16th, 2009 regarding certain death and injury incidents reported by GM in its light vehicle early warning report from the 2nd quarter of 2009.

GM's response is comprised of 88 disks for the incidents that are the subject of DI09-096.

Attachment "A" includes instructions for navigating the disk. Each disk, on its face, is identified by the NHTSA Sequence ID number, the Manufacturer's Unique ID number and the year, make and model of the vehicle involved in the incident, e.g., 3 18605620-675350 and 2009 BUICK ENCLAVE. When the disk is launched, this identification number appears again along with all of the documents on the disk (including photographs and videos, if applicable) listed under "Filename." The first document listed under Filename is an index with the Request and Responses, e.g., identified as 3 18605620-675350_00_Request and Responses. The index is numbered 1 through 3 to correspond to Inquiries 1 through 3, which are repeated verbatim below. The index also details whether any documents responsive to each inquiry were located.

For example, the Inquiry and Response in the index
for the disk are as follows:

DI09-096
3 18605620-675350
2009 BUICK ENCLAVE

Request for Information:

1. **Provide a complete copy of the initial claim or notice document(s) that notified GM of the incident, excluding: (a) medical documents and bills, except those showing the cause of death or injury; (b) property damage invoices or estimates; and (c) documents related to damages.**

Response: See attached document.

2. **Provide a copy of the Police Accident Report.**

Response: See attached documents and photographs.

The remaining document listed under Filename, reference the Manufacturer's Unique ID number along with the responsive Inquiry number. For example:

- 3 18605620-675350 **_01_001** - is the first document responsive to Inquiry no. 1.
- 3 18605620-675350 **_02_001** - is the first document responsive to Inquiry no. 2.

Your inquiries and our corresponding replies are as follows:

1. **Provide a complete copy of the initial claim or notice document(s) that notified GM of the incident, excluding: (a) medical documents and bills, except those showing the cause of death or injury; (b) property damage invoices or estimates; and (c) documents related to damages.**

Response: See attached document.

The table below lists the incident that is the subject of DI09-066, by Reporting Category, Sequence ID, VIN and type of notice received by GM (as "notice" is commonly used, not as it is defined by 49 C.F.R. §579.4(c)). Incidents reported on GM's Early Warning Report Death and Injury worksheet fall into four categories: Lawsuit (LIT), NISM (Not In Suit Matters), Product Allegation Resolution (PAR) or Rumor (RMR). Lawsuit and NISM case types generally meet the §579.4(c) definition of "claim." PAR cases, in this context, refer to customer contacts in which an injury or fatality is alleged to have occurred as a result of a product defect, and are accompanied by a writing that may or may not meet the §579.4(c) definition of "claim" or "notice." Rumor incidents do *not* involve a written or verbal, implied or express allegation of a defect by a customer. Rather, rumor cases generally refer to incidents that GM learned of through the media, which were subsequently investigated further.

2. Provide a copy of the Police Accident Report.

Response: If available, see attached document(s) and photograph(s) on the enclosed disk(s).

3. At your option, provide GM's assessment of the circumstances that led to the incident including GM's analysis of the claim and/or notice regarding allegations of a defect.

Response: GM opts not to respond.

GM claims that certain information, in documents that are part of rumor, claim and lawsuit files maintained by the GM Legal Staff and its outside counsel, is attorney work product and/or privileged. That information includes notes, memos, reports, photographs, and evaluations by attorneys (and by consultants, claims analysts, investigators and engineers working at the request of attorneys). GM is producing

responsive documents from its rumor, claim and lawsuit files that are neither attorney work product nor privileged and withholding those that are attorney work product and/or privileged.

This response was compiled and prepared by this office upon review of documents retrieved by GM and does not include documents generated or received subsequent to the searches.

Please contact me at if you require further information.

Sincerely,

A handwritten signature in black ink, appearing to read 'G. Kent', with a stylized flourish at the end.

Instructions for using Disk Viewer

1. Insert the disk into the disk ROM drive; the disk will open automatically.
2. Click the "Run JPegger" button on the pop up window.

3. The program will launch in the browsing mode, which is shown in the image below.
4. You can use the down arrow key on your keyboard to browse through the images.

5. Each image file may contain multiple pages. In the browsing mode use **Next Page Icon (Ctrl + PgDn)**, **Select Page Icon** or **Previous Page Icon (Ctrl + PgUp)** to browse through all of the pages within an image file. (Note: Some image files may contain up to 80 pages)
6. By double-clicking on an image from the file list, a slide show will initiate, however, it will not automatically advance through the pages. Use **Ctrl + PgDn** or **Ctrl + PgUp** to browse through all of the pages within an image file. Left-clicking on an image, while in the slide show mode, will advance to the first page of the next image file.
7. Right click on the image to see the image properties, as shown below. Image properties can also be used to view each page within the documents (Next page), or to view the next document within the file list (Next Image).
8. If the image is difficult to view, the scale may be changed. Use **F5**, **F6**, **F7**, and **F8** to alternate between scales that fit the screen, or are 50%, 100%, and 200% of the image's original size.

Subject: Car Accident 2006 HHR

I recently had a car accident Saturday 23 May in my 2006 Chevy HHR. The car hydroplaned on the freeway and hit the cement embankment, the front left quarter hit 1st and then like a swinging door the rest of the car slammed into the wall. (45 miles per hr) The force was so great an impact that it threw the car into the air and then landed on the roof of the passenger side and then continuing to roll 2 1/2 times. My head hit the steering wheel and the side window and shattered the glass. There were no air bags that deployed when hitting or when rolling and slamming each time onto the pavement. Lucky I escape with only cuts and bruises but the side whiplash has my insides and nervous system pretty messed up. Arm and leg tremors that I can not control and a constant head ache and back ache now for one week. I have also missed 1 week of work and am having to drive a rent car. This is something that should not have happened and I think that even though my

injuries are minimal some prevention could have been accomplished if the bags would have deployed. I think that it is very important that you company know this. I am in the process of taking this further since it seems that GM Chevy is at fault for the airbags not triggering. I hope that I will hear back from someone since after many calls all last week and not a one returned and many not even telling me the calls would not be returned.

[REDACTED]
Houston, Texas
[REDACTED]

I have enclosed a couple photo's and have others if you would like to review them.
