CERTIFIED MAIL
RETURN RECEIPT REQUESTED

DEC - 11 2006

Ms. Gay Kent
General Motors Corp.
Mail Code 480-210-G11
30001 Van Dyke
Warren, MI 48090

NVS-217ph
DI06-038

Dear Ms. Kent:

The Office of Defects Investigation (ODI) of the National Highway Traffic Safety Administration (NHTSA) has received information about certain death incidents reported by General Motors in its light vehicle early warning report for the 2nd quarter of 2006. We are writing to request additional information about the following incidents:

Selected Death Incidents from the 2nd Quarter of 2006	
For Reporting Category: L	
For the following Sequence IDs: 12, 17, 113, 123, 124, 173, 174, 299, 361, 365, 382, 383, 387, 418, 437, 441, 445, 522	

Unless otherwise stated in the text, the following definitions apply to these information requests:

Incident: each incident reported in Sequence IDs identified above.

Claim and Notice: shall have the meanings stated in 49 CFR §579.4(c). Claim and notice also specifically refer to the claim(s) and notice(s) that are the predicate for the early warning report on the incident.

Manufacturer: refers to General Motors.

Vehicle: the vehicle produced by General Motors that is identified in the claim or notice.

Tire: the tire produced by General Motors that is identified in the claim or notice.

VEHICLE SAFETY HOTLINE
888-327-4236

Equipment: the item of motor vehicle equipment produced by General Motors that is identified in the claim or notice.

Defect: means any failure, malfunction, lack of durability, or other problem in performance, construction, a component, or material of a motor vehicle or piece of motor vehicle equipment.

Document: "Document(s)" is used in the broadest sense of the word and shall mean all written, typed, graphic and photographic matter whatsoever (except autopsy photographs), be it in original, copy or electronic form. Any photograph originally produced in color must be provided in color and in electronic form, if possible. Furnish all documents whether verified by General Motors or not. If a document is not in the English language, provide both the original document and an English translation of the document. Document(s) includes all documents in General Motor's custody and/or control.

Please provide numbered responses to the following inquiries, repeating the applicable request verbatim before each response. After General Motor's response to each request, identify the source of the information and indicate the last date the information was gathered. When documents are produced, the documents shall be produced in an identified, organized manner that corresponds to each pertinent information request. A separate response must be provided for each incident. Each response, document or attachment must be clearly identified with the incident Sequence ID (SeqID) number.

1. Provide a complete copy of the initial claim or notice document(s) that notified General Motors of the incident, excluding: (a) medical documents and bills, except those showing the cause of death or injury; (b) property damage invoices or estimates; and (c) documents related to damages.
2. Provide a copy of the Police Accident Report.
3. At your option, provide General Motor's assessment of the circumstances that led to the incident including General Motor's analysis of the claim and/or notice regarding allegations of a defect.

This letter is being sent to General Motors pursuant to 49 U.S.C. § 30166, which authorizes NHTSA to conduct any investigation that may be necessary to enforce Chapter 301 of Title 49 and to request reports and the production of things. It constitutes a new request for information. General Motors's failure to respond promptly and fully to this letter could subject General Motors to civil penalties pursuant to 49 U.S.C. § 30165 or lead to an action for injunctive relief pursuant to 49 U.S.C. § 30163. (Other remedies and sanctions are available as well.) Section 5(a) of the TREAD Act, codified at 49 U.S.C. § 30165(b), provides for civil penalties of up to \$5,000 per day, with a maximum of \$16,050,000 for a related series of violations, for failing or refusing to perform an act required under 49 U.S.C. § 30166. See 49 CFR 578.6 (as amended by 69 Fed. Reg. 57864 (Sept. 28, 2004)). This includes failing to respond to ODI information requests.

If General Motors claims that any of the information or documents provided in response to this information request constitute confidential commercial material within the meaning of 5 U.S.C. § 552(b) (4), or are protected from disclosure pursuant to 18 U.S.C. § 1905, General Motors must submit supporting information together with the materials that are the subject of the confidentiality request, in accordance with 49 CFR Part 512, as amended (69 Fed. Reg. 21409 et seq; April 21, 2004), to the Office of Chief Counsel (NCC-110), National Highway Traffic Safety Administration, Room 5219, 400 Seventh Street, S.W., Washington, D.C. 20590.

Your response to this letter, together with a copy of any confidentiality request, must be submitted to this office by **January 12, 2007**. Please include in your response the identification codes referenced on page one of this letter. If you are unable to provide all of the information requested within the time allotted, you must request an extension from me at (202) 366-4238, no later than five business days before the response due date. If all of the information requested by the original deadline is unavailable, you must submit a partial response by the original deadline with whatever information then is available, even if an extension is granted.

If you have any technical questions concerning this matter, please contact Mr. Leo Yon at (202) 366-7028 or by fax at (202) 366-7882.

Sincerely,

Christina Morgan, Chief
Early Warning Division

Request for Information:

1. Provide a complete copy of the initial claim or notice document(s) that notified General Motors of the incident, excluding: (a) medical documents and bills, except those showing the cause of death or injury; (b) property damage invoices or estimates; and (c) documents related to damages.

Response: See Attached Document.

2. Provide a copy of the Police Accident Report.

Response: See Attached Document.

3. At your option, provide General Motor's assessment of the circumstances that led to the incident including General Motor's analysis of the claim and/or notice regarding allegations of a defect.

Response: To date, General Motors' investigation of the alleged defect has not included an assessment of the cause(s) of each incident responsive to this request. Some incident reports may not contain sufficient reliable information to accurately assess cause. Assessments of claims may be attorney work product and/or privileged. Therefore, information and documents provided in this response, if any, consist only of non-attorney work product and/or non-privileged material for incidents that have been investigated and assessed.

Narrative and additional witnesses:

This traffic collision occurred on January 21, 2006 at approximately 0800 hours. The principal roadway is Cathill Road in between County Line Road and Clymer Road, West Rockhill Township, Bucks County, PA. Cathill Road is constructed of asphalt with two travel lanes. One lane travels north and the other lane travels south. The speed limit along Cathill Road is posted at 35mph. The crash scene is best described as a two lane roadway which travels down a slight hill which bends to the right, travels overtop a bridge which ultimately levels out into a straight away toward Clymer Road.

At the time of the crash Cathill Road was wet from a prior rainfall, however, there was no standing water, no ice and the temperature was approximately 42 degrees. Further, the creek/stream that travels underneath of Cathill Road was running freely with no signs of ice on or along the creek banks. Plus, the fields and grassy surfaces in the area of the crash were not covered with frost. No other debris on the roadway.

On scene investigation/ evidence revealed the following: Unit #1 was traveling north along Cathill Road. As the driver traveled down the hill and started into the right hand bend, the driver exited his travel lane, entered the southbound lane, steered back to the right and ultimately lost control of his motor vehicle. As the vehicle spun out of control, unit #1 rotated counter clockwise and slid across both the northbound and southbound travel lanes. Unit #1 exited the asphalt surface and collided with several trees. After up-rooting one tree and colliding with several other trees on the passenger side, unit #1's momentum was redirected as unit #1 rotated clockwise 180 degrees. Unit #1 came to rest facing Cathill Road.

The driver of unit #1 was not interviewed because he was found by a passing motorist, Moyer, unconscious inside of the heavily damaged vehicle. The driver was extricated through the twisted metal by the police and paramedics on scene. This driver was flown by Medevac to Hahnemann Hospital in Philadelphia.

Witness #1 was interviewed on scene and he explained the following: [redacted] said that he was traveling north along Cathill Road when in the area of the crash he saw a large amount of debris on the roadway. [redacted] stated, "I thought a tree had fallen, until I passed and saw the car in the woods." He added that he did not know how long the car had been there.

Witness #2 was interviewed and [redacted] said that she did not witness the crash, adding that as she drove to work she came upon the scene with witness #1.

Based on the above investigation, this traffic collision occurred because the driver of unit #1 exited his travel lane at a speed greater than reasonable and prudent under the present conditions. (I.E. down hill, curve in roadway and wet surface) No citations issued driver is deceased.
