**EWR D&I ANNOTATION**

FAN-000001L071001DP105-5216

Artemis # : 000001L071001DP105**Record Created Date :** 10/10/2007**Printed Date :** 10/15/2007**Description :**

THE DRIVER OF THE SUBJECT VEHICLE WAS TRAVELING WESTBOUND ON A STATE ROAD WHEN THE VEHICLE CROSSED OVER INTO THE EASTBOUND LANES AND STUCK A 2004 HYUNDAI SONATA VIN#KMHWF25HX4A045221. THE SUBJECT VEHICLE CONTINUED INTO A DITCH, ROLLED ONTO ITS SIDE, AND CAUGHT ON FIRE. THE DRIVER AND TWO PASSENGERS WERE KILLED, AND ONE PASSENGER WAS INJURED. THE DRIVER OF THE SONATA AND THREE PASSENGERS WERE INJURED AND ONE PASSENGER WAS KILLED. THERE WAS NO INDICATION OF A SAFETY DEFECT ALLEGATION. THE POLICE REPORT INDICATES THAT A CONTRIBUTORY CAUSE FOR THIS CRASH WAS THE SUBJECT VEHICLE TRAVELING ON THE WRONG SIDE OF THE ROADWAY. THERE APPEARS TO BE A CRIMINAL CHARGE PENDING AGAINST THE SONATA DRIVER FOR ALLOWING A CHILD TO RIDE IN THAT VEHICLE WITHOUT A RESTRAINT. THE VEHICLE MANUFACTURER DID NOT SUBMIT AN ASSESSMENT OF THIS FATAL CRASH EVENT.

Warren, MI 48090

NVS-217ph
DI07-064

Dear Ms. Kent:

The Office of Defects Investigation (ODI) of the National Highway Traffic Safety Administration (NHTSA) has received information about certain death and injury incidents reported by General Motors (GM) in its light early warning report from 1st quarter of 2007. We are writing to request additional information about the following incidents:

Selected Death and Injury Incidents	
For Reporting Category: L	
For the following Sequence IDs: 13, 30, 32, 105, 108, 109, 133, 139, 151, 217, 235, 258, 284, 319, 383, 463, 465, 466	

Unless otherwise stated in the text, the following definitions apply to these information requests:

Incident: each incident identified in the table above.

Claim and Notice: shall have the meanings stated in 49 CFR §579.4(c). Claim and notice also specifically refer to the claim(s) and notice(s) that are the predicate for the early warning report on the incident.

Manufacturer: refers to GM.

Vehicle: the vehicle produced by GM that is identified in the claim or notice.

Tire: the tire produced by GM that is identified in the claim or notice.

Equipment: the item of motor vehicle equipment produced by GM that is identified in the claim or notice.

Defect: means any failure, malfunction, lack of durability, or other problem in performance, construction, a component, or material of a motor vehicle or piece of motor vehicle equipment.

Document: "Document(s)" is used in the broadest sense of the word and shall mean all written, typed, graphic and photographic matter whatsoever (except autopsy photographs), be it in original, copy or electronic form. Any photograph originally produced in color must be provided in color and in electronic form, if possible. Furnish all documents whether verified by GM or not. If a document is not in the English language, provide both the original document and an English translation of the document. Document(s) includes all documents in GM custody and/or control.

Please provide numbered responses to the following inquiries, repeating the applicable request verbatim before each response. After GM's response to each request, identify the source of the information and indicate the last date the information was gathered. When documents are produced, the documents shall be produced in an identified, organized manner that corresponds to each pertinent information request. A separate response must be provided for each incident. Each response, document or attachment must be clearly identified with the incident Sequence ID (SeqID) number.

1. Provide a complete copy of the initial claim or notice document(s) that notified GM of the incident, excluding: (a) medical documents and bills, except those showing the cause of death or injury; (b) property damage invoices or estimates; and (c) documents related to damages.
2. Provide a copy of the Police Accident Report.
3. At your option, provide GM's assessment of the circumstances that led to the incident including GM's analysis of the claim and/or notice regarding allegations of a defect.

This letter is being sent to GM pursuant to 49 U.S.C. § 30166, which authorizes NHTSA to conduct any investigation that may be necessary to enforce Chapter 301 of Title 49 and to request reports and the production of things. It constitutes a new request for information. GM's failure to respond promptly and fully to this letter could subject GM to civil penalties pursuant to 49 U.S.C. § 30165 or lead to an action for injunctive relief pursuant to 49 U.S.C. § 30163. (Other remedies and sanctions are available as well.) Section 5(a) of the TREAD Act, codified at 49 U.S.C. § 30165(b), provides for civil penalties of up to \$5,000 per day, with a maximum of \$16,050,000 for a related series of violations, for failing or refusing to perform an act required under 49 U.S.C. § 30166. See 49 CFR 578.6 (as amended by 69 Fed. Reg. 57864 (Sept. 28, 2004)). This includes failing to respond to ODI information requests.

If GM claims that any of the information or documents provided in response to this information request constitute confidential commercial material within the meaning of 5 U.S.C. § 552(b) (4), or are protected from disclosure pursuant to 18 U.S.C. § 1905, GM must submit supporting information together with the materials that are the subject of the confidentiality request, in accordance with 49 CFR Part 512, as amended (69 Fed. Reg. 21409 et seq; April 21, 2004), to the Office of Chief Counsel (NCC-110), National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590.

Your response to this letter, together with a copy of any confidentiality request, must be submitted to this office by **September 7, 2007**. Please include in your response the identification codes referenced on page one of this letter. If you are unable to provide all of the information requested within the time allotted, you must request an extension from me at (202) 366-4238, no later than five business days before the response due date. If all of the information requested by the original deadline is unavailable, you must submit a partial response by the original deadline with whatever information then is available, even if an extension is granted.

If you have any technical questions concerning this matter, please contact Mr. Leo Yon at (202) 366-7028 or by fax at (202) 366-1767.

Sincerely,

A handwritten signature in cursive script, appearing to read "Leo Yon for", is written over the typed name of Christina Morgan.

DI07-064

Dear Ms. Morgan:

This is General Motors' (GM) response to your inquiry dated August 13, 2007 regarding certain death and injury incidents reported by GM in its light vehicle early warning report from 1st quarter of 2007.

GM's response is comprised of 19 discs for the incidents that are the subject of DI07-064.

Attachment "A" includes instructions for navigating the disc. Each disc, on its face, is identified by the NHTSA Sequence ID number, the Manufacturer's Unique ID number and the year, make and model of the vehicle involved in the incident, e.g., 465 217575583-629372 and 2007 Saturn Ion. When the disc is launched, this identification number appears again along with all of the documents on the disc (including photographs and videos, if applicable) listed under "Filename." The first document listed under Filename is an index with the Request and Responses, e.g., identified as 465 217575583-629372_00_Request and Responses. The index is numbered 1 through 3 to correspond to Inquiries 1 through 3, which are repeated verbatim below. The index also details whether any documents responsive to each inquiry were located.

For example, the first two Inquiries and Responses in the index for the disc are as follows:

DI07-064
465 217575583 - 629372
2007 Saturn Ion

Request for Information:

1. Provide a complete copy of the initial claim or notice document(s) that notified GM of the incident, excluding: (a) medical documents and bills, except those showing the cause of death or injury; (b) property damage invoices or estimates; and (c) documents related to damages.

Response: See Attached Document.

2. Provide a copy of the Police Accident Report.

Response: See Attached Document and photographs.

The remaining documents listed under Filename, reference the Manufacturer's Unique ID number along with the responsive Inquiry number. For example:

465 217575583 - 629372_01_001 - is the first document responsive to Inquiry no. 1.
465 217575583 - 629372_02_001 - is the first document responsive to Inquiry no. 2.

Product Investigations

Mail Code: 480-210-G11 • 30001 Van Dyke • Warren, MI 48090
DI07-064 Response.doc

Your inquiries and our corresponding replies are as follows:

1. **Provide a complete copy of the initial claim or notice document(s) that notified GM of the incident, excluding: (a) medical documents and bills, except those showing the cause of death or injury; (b) property damage invoices or estimates; and (c) documents related to damages.**

Response: See Attached Document.

The table below lists the incidents that are the subject of DI07-064, by Reporting Category, Sequence ID, VIN and type of notice received by GM (as "notice" is commonly used, not as it is defined by 49 C.F.R. §579.4(c)). Incidents reported on GM's Early Warning Report Death and Injury worksheet fall into four categories: Lawsuit (LIT), NISM (Not In Suit Matters), Product Allegation Resolution (PAR), or Rumor (RMR). Lawsuit and NISM case types generally meet the §579.4(c) definition of "claim." PAR cases, in this context, refer to customer contacts in which an injury or fatality is alleged to have occurred as a result of a product defect, and are accompanied by a writing that may or may not meet the §579.4(c) definition of "claim" or "notice." Rumor incidents do *not* involve a written or verbal, implied or express allegation of a defect by a customer. Rather, rumor cases generally refer to incidents that GM learned of through the media, which were subsequently investigated further. As such, the document included in response to Inquiry 1 that can be found on the enclosed disc for the PAR and Rumor case listed in the table, may not be a claim or notice of the type generally defined as such by §579.4(c).

<i>(18 Vehicles from the Light Vehicle Template)</i>		
SEQUENCE ID	VEHICLE IDENTIFICATION NUMBER (VIN)	TYPE
13	1G4HD57276U [REDACTED]	NISM
30	3G5DA03E24S [REDACTED]	NISM
32	3G5DA03L36S [REDACTED]	NISM
105	1G1AZ55F977 [REDACTED]	RUMOR
108	1GCDS196258 [REDACTED]	NISM
109	1GCCS138868 [REDACTED]	RUMOR
133	2G1WH55K939 [REDACTED]	NISM
139	2G1WH52K659 [REDACTED]	RUMOR
151	2G1WT55K379 [REDACTED]	NISM
217	1GCEK14T93Z [REDACTED]	NISM
235	2GCEC13V361 [REDACTED]	NISM
258	1GBJC34214E [REDACTED]	NISM
284	1GNFK13027R [REDACTED]	NISM
319	1GNDV23L76D [REDACTED]	NISM
383	1GKEC13Z74R [REDACTED]	LIT
463	1G8AJ55F06Z [REDACTED]	NISM
465	1G8AJ55F37Z [REDACTED]	NISM
466	1G8AJ55F17Z [REDACTED]	RUMOR

2. **Provide a copy of the Police Accident Report.**

Response: See attached document and photographs.

3. **At your option, provide GM's assessment of the circumstances that led to the incident including GM's analysis of the claim and/or notice regarding allegations of a defect.**

To date, General Motors' investigation of the alleged defect has not included an assessment of the cause(s) of each incident responsive to this request. Some incident reports may not contain sufficient reliable information to accurately assess cause. Assessments of claims may be attorney work product and/or privileged. Therefore, information and documents provided in this response, if any, consist only of non-attorney work product and/or non-privileged material for incidents that have been investigated and assessed.

GM claims that certain information, in documents that are part of rumor, claim and lawsuit files maintained by the GM Legal Staff and its outside counsel, is attorney work product and/or privileged. That information includes notes, memos, reports, photographs, and evaluations by attorneys (and by consultants, claims analysts, investigators, and engineers working at the request of attorneys). GM is producing responsive documents from its rumor, claim and lawsuit files that are neither attorney work product nor privileged and withholding those that are attorney work product and/or privileged.

This response was compiled and prepared by this office upon review of documents retrieved by GM and does not include documents generated or received subsequent to the searches.

Please contact me at if you require further information.

Sincerely,

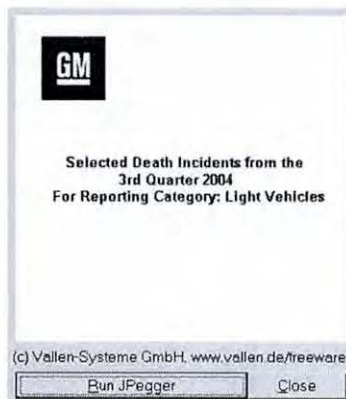

Gay P. Kent
Director
Product Investigations

Instructions for using disc Viewer

1. Insert the disc into the disc ROM drive; the disc will open automatically.
2. Click the "Run JPepper" button on the pop up window.

3. The program will launch in the browsing mode, which is shown in the image below.
4. You can use the down arrow key on your keyboard to browse through the images.

- Each image file may contain multiple pages. In the browsing mode use **Next Page Icon (Ctrl +PgDn)**, **Select Page Icon** or **Previous Page Icon (Ctrl +PgUp)** to browse through all of the pages within an image file. (Note: Some image files may contain up to 80 pages)
- By double-clicking on an image from the file list, a slide show will initiate, however, it will not automatically advance through the pages. Use **Ctrl +PgDn** or **Ctrl +PgUp** to browse through all of the pages within an image file. Left-clicking on an image, while in the slide show mode, will advance to the first page of the next image file.
- Right click on the image to see the image properties, as shown below. Image properties can also be used to view each page within the documents (Next page), or to view the next document within the file list (Next Image).
- If the image is difficult to view, the scale may be changed. Use **F5**, **F6**, **F7**, and **F8** to alternate between scales that fit the screen, or are 50%, 100%, and 200% of the image's original size.

Surviving victims of Melrose wreck in regional hospitals

By KYLE PEVETO

The Daily Sentinel

Monday, March 19, 2007

NACOGDOCHES — Surviving victims of a fiery car accident that hospitalized six people and killed three others near Melrose Friday afternoon were recuperating at hospitals across the region Saturday.

A Chevrolet sedan driven by [REDACTED] of Hemphill, went out of control at the crest of a hill on state Hwy. 21 while heading west to Nacogdoches at about 4:45 Friday. The car began to skid sideways, colliding with a Hyundai sedan driven by [REDACTED] of San Augustine, before bursting into flames and tumbling down an embankment, witnesses said.

A Groves man saw the accident and pulled [REDACTED] of Hemphill, from the front passenger seat before the car was engulfed in flames. [REDACTED] and two passengers — [REDACTED] of [REDACTED] of Pineland — died in the accident. [REDACTED] was taken by ambulance to Nacogdoches Memorial Hospital and later transported to East Texas Medical Center in Tyler. The hospital would not release her status Saturday.

[REDACTED] was recovering Saturday in Nacogdoches Memorial Hospital, according to a family member, and may be released today. A passenger in her car, [REDACTED] of San Augustine, was in the Nacogdoches Memorial intensive care unit. Passengers in the Hyundai — [REDACTED] and [REDACTED] children, [REDACTED] and [REDACTED] — were transported to Texas Children's Hospital in Dallas.

Texas Children's Hospital would not release information about the children's conditions Saturday.

Horrific accident claims fourth young victim

Monday, March 19, 2007

A fourth victim has died as a result of injuries from a fiery car accident near Melrose Friday afternoon that killed three others and hospitalized another five victims.

[REDACTED] of San Augustine, was initially taken to Nacogdoches Memorial Hospital and then flown to a Dallas hospital, where she died over the weekend.

Her [REDACTED] brother [REDACTED] remains in a Dallas hospital, apparently paralyzed, according to friends of the family.

The children's mother [REDACTED] of San Augustine was discharged from Nacogdoches Memorial Hospital on Sunday and went to Dallas to be with her children.

The accident occurred on state Hwy. 21 Friday evening just before 5 p.m. According to previous reports, a Chevrolet sedan driven by [REDACTED] began to skid sideways and crashed into [REDACTED] Hyundai sedan.

The collision caused [REDACTED] sedan to burst into flames and tumble down an embankment near the roadside.

A Groves man, who saw the accident, pulled front-seat passenger [REDACTED] of Hemphill, from the wreckage. [REDACTED] and two passengers — [REDACTED] of Shelbyville and [REDACTED] of Pinaland — died in the accident. [REDACTED] was taken by ambulance to Nacogdoches Memorial Hospital and later transported to East Texas Medical Center in Tyler.

Two other passengers in [REDACTED] Hyundai were also severely injured — [REDACTED] of San Augustine and [REDACTED].

[REDACTED] was flown to Dallas, and [REDACTED] was listed in stable but critical condition Monday afternoon.

INVESTIGATOR'S NARRATIVE OPINION OF WHAT HAPPENED (ATTACH ADDITIONAL SHEETS IF NECESSARY)

Unit #1 was eastbound on SH-21 and unit #2 was westbound on SH-21. For unknown reasons, unit #2 veered across the center line into the eastbound lane, failing to yield right of way to unit #1. Unit #1 struck unit #2 in the right passenger door. Unit #2 continued into the south ditch where it came to rest on its left side, then caught fire.

FACTORS AND CONDITIONS LISTED ARE THE INVESTIGATOR'S OPINION:	UNIT #	FACTORS/CONDITIONS CONTRIBUTING	OTHER FACTORS/CONDITIONS NOT ON THIS LIST	VEHICLE DEFECTS CONTRIBUTING	VEHICLE DEFECTS NOT CONTRIBUTING

CONCLUSIONS

Briefly describe why this crash occurred. List all contributing factors and how they related to the crash. Include speed estimates and the methods of calculation. This is your opinion.

Unit 1 was traveling east on SH 21. Unit 2 was traveling west on SH 21. For unknown reasons Unit 2 veered across the center line and into the eastbound lane. Only one passenger survived out of Unit 2 and gave not explanation or cause for this action. Unit 1 struck Unit 2 in the right passenger side. Unit 2 continued into the south ditch were it came to rest on its left side. Unit 2 caught fire and bum with three passengers still inside. Unit 1 came to rest at the point of impact. There was no indication of a blowout from the side marks

INVESTIGATOR'S NARRATIVE OPINION OF WHAT HAPPENED (ATTACH ADDITIONAL SHEETS IF NECESSARY)	DIAGRAM
Unit 1 was traveling east on SH 21. Unit 2 was traveling west on SH 21. Unit 2 failed to control speed and went into a side skid into the east bound lane in front of Unit 1. Unit 1 struck Unit 2 in the right side. Unit 2 came to rest on its left side in the back of ditch and caught fire.

~~Unit 1 was traveling~~

Unit 2 for unknown reasons veered across the center line into the eastbound lane failing to yield right of way to Unit 1. Unit 1 struck Unit 2 in the right passenger door. Unit 2 continued into the south ditch where it came to rest on its left side and caught fire.
