If you submit a request for confidentiality for all or part of your response to this letter, that is in an electronic format (e.g., CD-ROM), your request and associated submission must conform to the new

DI09-096

Dear Ms. Morgan:

This is General Motors' (GM) response to your inquiry dated December 16th, 2009 regarding certain death and injury incidents reported by GM in its light vehicle early warning report from the 2nd quarter of 2009.

GM's response is comprised of 88 disks for the incidents that are the subject of DI09-096.

Attachment "A" includes instructions for navigating the disk. Each disk, on its face, is identified by the NHTSA Sequence ID number, the Manufacturer's Unique ID number and the year, make and model of the vehicle involved in the incident, e.g., 3 18605620-675350 and 2009 BUICK ENCLAVE. When the disk is launched, this identification number appears again along with all of the documents on the disk (including photographs and videos, if applicable) listed under "Filename." The first document listed under Filename is an index with the Request and Responses, e.g., identified as 3 18605620-675350_00_Request and Responses. The index is numbered 1 through 3 to correspond to Inquiries 1 through 3, which are repeated verbatim below. The index also details whether any documents responsive to each inquiry were located.

For example, the Inquiry and Response in the index
for the disk are as follows:

DI09-096
3 18605620-675350
2009 BUICK ENCLAVE

Request for Information:

1. **Provide a complete copy of the initial claim or notice document(s) that notified GM of the incident, excluding: (a) medical documents and bills, except those showing the cause of death or injury; (b) property damage invoices or estimates; and (c) documents related to damages.**

Response: See attached document.

2. **Provide a copy of the Police Accident Report.**

Response: See attached documents and photographs.

The remaining document listed under Filename, reference the Manufacturer's Unique ID number along with the responsive Inquiry number. For example:

3 18605620-675350 **_01_001** - is the first document responsive to Inquiry no. 1.

3 18605620-675350 **_02_001** - is the first document responsive to Inquiry no. 2.

Your inquiries and our corresponding replies are as follows:

1. **Provide a complete copy of the initial claim or notice document(s) that notified GM of the incident, excluding: (a) medical documents and bills, except those showing the cause of death or injury; (b) property damage invoices or estimates; and (c) documents related to damages.**

Response: See attached document.

The table below lists the incident that is the subject of DI09-066, by Reporting Category, Sequence ID, VIN and type of notice received by GM (as "notice" is commonly used, not as it is defined by 49 C.F.R. §579.4(c)). Incidents reported on GM's Early Warning Report Death and Injury worksheet fall into four categories: Lawsuit (LIT), NISM (Not In Suit Matters), Product Allegation Resolution (PAR) or Rumor (RMR). Lawsuit and NISM case types generally meet the §579.4(c) definition of "claim." PAR cases, in this context, refer to customer contacts in which an injury or fatality is alleged to have occurred as a result of a product defect, and are accompanied by a writing that may or may not meet the §579.4(c) definition of "claim" or "notice." Rumor incidents do *not* involve a written or verbal, implied or express allegation of a defect by a customer. Rather, rumor cases generally refer to incidents that GM learned of through the media, which were subsequently investigated further.

2. Provide a copy of the Police Accident Report.

Response: If available, see attached document(s) and photograph(s) on the enclosed disk(s).

3. At your option, provide GM's assessment of the circumstances that led to the incident including GM's analysis of the claim and/or notice regarding allegations of a defect.

Response: GM opts not to respond.

GM claims that certain information, in documents that are part of rumor, claim and lawsuit files maintained by the GM Legal Staff and its outside counsel, is attorney work product and/or privileged. That information includes notes, memos, reports, photographs, and evaluations by attorneys (and by consultants, claims analysts, investigators and engineers working at the request of attorneys). GM is producing

responsive documents from its rumor, claim and lawsuit files that are neither attorney work product nor privileged and withholding those that are attorney work product and/or privileged.

This response was compiled and prepared by this office upon review of documents retrieved by GM and does not include documents generated or received subsequent to the searches.

Please contact me at if you require further information.
